Good Morning Moya,

Kate Corbett is on a [REDACTED] and will not be available for court until the beginning of November and I have 2 summons' for 10/19. I was likely the primary chemist and would have performed the preliminary testing including the weight; Kate was the confirmatory chemist performing the GC/MS analysis. Keep me informed and if I can be of any help let me know.

Hi, ladies:

I'm emailing you re: this trial as our Lab contact, Fran Eldridge, is temporarily out of the office.

I have this trial scheduled to start on the 15th, and if I need you, it would be for the 16th. the Lab #'s [REDACTED] and it looks like it was done around 10/10/07. It has to do with weight, so I would need both of you. Do you happen to be available? is the 19th free?

There is a 50% likelihood that this won't go, and I would know that the day before. I have no problem keeping you guys on call.

Let me know.

Thanks,
Moya
